Dear Charles:

It's long! I mean VERY long...longer than the stretch of zeros in the national debt...longer than the genealogies in I Chronicles...longer than a Mitchner novel...longer than from here to El Paso...or even longer than the red light at Centerville and LBJ...and that's long!

I mean the list of all the ways you have contributed to this part of God's work...more personally, to me. Thank you, Charles, for being the friend you are, for making yourself available to us in all kinds of consultations, for helping us so much in the theological discussions...for standing...for writing...for praying. Thanks for being you and allowing us to enjoy a very special relationship. Yes, of course, thank you, too, for your generous spirit. That, too, is always appreciated and I would be remiss if I did not say especially so at this time of year. However, (now don't ask for the money back!) your greatest contribution this year was in the Affirmations. Absolute genius...and when one gets "genius" guided by divine wisdom, that's pretty hard to beat.

I'll be giving you a ring in these days. A staff member would like to have a gift Ryrie Bible signed. Can we arrange that...for the usual fee, of course? Thanks again.

Yours in the soon-coming Savior,

Albert T. Platt, Th.D.
President
